Sponsor Beerformatics

Short talks. Cold beer.
Shaping the future of bioinformatics.

WHEN
Wednesday 25 November 2026

WHERE
Leuven, O&N6 Lounge, Campus Gasthuisberg

WHO
Master's, PhD, Postdocs & Early-career researchers

Who we are

RSG Belgium
A student-led bioinformatics community with a team spread across Belgian universities. After a pause, we relaunched in 2026 to connect early-career researchers.

Beerformatics
Our event series: short research talks, cold beer, good company. Students, PhDs, postdocs and young professionals learn what's new in bioinformatics, and connect with each other.

3
editions in 2026:
Leuven, Brussels, Antwerp

3/3
full house: 50 seats,
waiting list every time

68
master's, PhD, postdoc &
early-career attendees

10
talks from ULB, VUB, VIB, KU Leuven, UAntwerp & more

ISCB REGIONAL Student GROUP

Belgium

What you get

Exposure, network, talent.

A Exposure

Your brand in front of the next generation of bioinformatics talent: logo on slides, posters and our social channels, a shout-out, and a booth at the event.

B Network

Direct, relaxed contact with students, PhDs and postdocs from several Belgian universities and institutes.

C Recruiting

Meet future interns, hires and collaborators before anyone else does, in a convivial setting.

Leuven · 19 March

Brussels · 21 April

Antwerp · 28 May

What we ask

We run on a student budget, so support in kind goes straight into the event. Our three spring editions ran on a few hundred euros of drinks and snacks: even a small gesture makes a real difference.

Product donations

Beers, snacks or goodies for attendees.

Reduced cost

Discounted drinks, venue or supplies.

Other ideas welcome

Prizes, merch, whatever suits your brand

Let's make it happen.
